## Rural Councils Transformation Program

### Grant amount sought

Please outline the anticipated level of Government Financial Assistance being sought for the project, and the period over which this funding would be sought.

*The requested amount should align with the project description.*

### What is the rationale for the requested level of financial assistance?

Please outline why this level of support is required and how it will be used.

*If the proposal has a current or recent exploratory study or scoping document please provide a summary here and attach all documentation.*

*Estimates justifying the requested amount should if possible include indicative costing and projections.*

### Expected outcomes and benefits

Describe the expected outcomes and benefits of the project, including impacts on service delivery and financial efficiencies.

*This should include:*

- Identified cost/benefits/efficiencies
- Estimated service improvements for the community

### Is there a need for additional assistance to develop a business case?

Please outline whether there is an existing business case for this project or whether this needs to be developed. If the business case needs to be developed, detail readiness of the councils to support business case development and whether support will be needed through the expert program panel for business case development.

*Additional support is not guaranteed, but will be determined on a case by case basis for approved EOI.*

*Applications should specify where assistance is required to support the proposal.*

### Commitment

Please outline your commitment to this project including its alignment with council strategic plans (already covered in evidence of need).

*Attachments may include:*

- Recent joint business cases or feasibility studies by the applicant councils
- Any documented regional or collaborative plans
- Examples of commitment (by the partnering councils) to work together in shared services both current and previous
