

BULLETIN: 73/2021

FREIGHT AND HEALTHCARE WORKER VACCINATIONS

Due to the significant risk that COVID-19 levels in NSW continue to pose to Victorians, we are further tightening border restrictions by adding a requirement to our [Specified Worker \(Multiple Entry\) Permit](#).

From Thursday, 23 September 2021, freight and healthcare workers entering Victoria under the Specified Worker (Multiple Entry) Permit must have had at least one vaccination dose before entry.

Evidence can be documentation from the vaccine provider of receiving the first dose or a COVID-19 digital certificate that is accessible through the holder's Commonwealth [myGov](#) account.

Workers will need to apply for a new permit if their current permit expires after 23 September 2021 and confirm that they have received their vaccine dose to be eligible for this permit.

More information, including a list of current requirements, can be found on the [Specified Worker Permit](#) web page.

Book your vaccination today

All Victorians are encouraged to book their vaccination by visiting portal.cvms.vic.gov.au or by phoning the Coronavirus hotline on 1800 675 398.

Group bookings are now available at coronavirus.vic.gov.au/group-bookings-service.

Thank you for doing your part to keep Victoria safe.

Regards,

Julie Reid
