

# Growing Suburbs Fund 2022-23

The Growing Suburbs Fund (GSF) is a \$425M contribution to support the delivery of high priority community infrastructure projects for Victoria's diverse and fast-growing outer suburbs. Designed to support the existing and future local infrastructure needs of Melbourne's interface and peri-urban communities, the GSF brings forward local infrastructure projects that are essential to the liveability of outer suburban families.

## Casey City Council

Casey City Council is located in Melbourne's south-eastern suburbs, between 28 and 60 km from the Melbourne Central Business District. It is one of the fastest growing interface councils

Casey City Council is part of the interface council area and recorded a growth rate of 3% in 2019-20<sup>1</sup>. The population is projected to grow from 364,600 in 2020 to about 522,251 or 43.2% per cent by 2036<sup>2</sup>.

Victoria's population growth slowed during the pandemic period with the impact over this time mainly felt in the inner and middle suburbs of Melbourne; regional areas were less affected due to increased migration from Melbourne. Based on the latest available data, areas across Victoria are now expected to return to normal rates and patterns.
