

Growing Suburbs Fund 2021-22

The Growing Suburbs Fund is a contribution towards meeting critical local infrastructure needs for communities in Melbourne's diverse and fast-growing outer suburbs. It is positioned to quickly respond to the pressures being experienced by interface and peri-urban communities by bringing forward local infrastructure projects that will make a big difference in the day-to-day lives of outer suburban families.

Hume City Council

Hume City Council is a growing, urban fringe municipality about 20 km from the Melbourne Central Business District. The southern parts of the city are well-established urban areas while the north remains rural in character. It has a young population, with 31 per cent of residents under 18 years of age.

Hume City Council is part of the interface council area and recorded a growth rate of 4.1.% in 2019-20.¹ The population is projected to grow from 241,188 in 2020 to about 343,989 or 42.6% per cent by 2036.²

Victoria's population has witnessed a considerable slow-down in growth due to COVID and a pause in overseas migration. This is mostly felt in the inner/middle suburbs of Melbourne but is still evident in outer suburbs.
