

The Growing Suburbs Fund is a contribution towards meeting critical local infrastructure needs for communities in Melbourne's diverse and fast-growing outer suburbs. It is positioned to quickly respond to the pressures being experienced by interface communities by bringing forward local infrastructure projects that will make a big difference in the day-to-day lives of outer suburban families.

Wyndham City Council is located on the western edge of Melbourne with Werribee at its commercial heart. It was one of the fastest growing interface councils in 2017 in Melbourne, with a population growth rate of 6.1 per cent¹ compared with the national growth average of 1.6 per cent. The population is expected to rise by 50 per cent, in excess of 360,000, by 2031².

Wyndham City Council features major tourism attractions including the Werribee Park and Mansion, Werribee Open Range Zoo, State Rose Garden and RAAF Museum. The council area has a residential and rural zone, with substantial industrial, technological and commercial areas. Rural land is used mainly for commercial vegetable growing and grazing.
