

## BULLETIN: 40/2021

### HELP PREVENT THE SPREAD OF COVID-19 AND KEEP BUSINESSES OPEN

We need your help sharing the QR code message to prevent the spread of COVID-19 and to keep our businesses open.

Attached are packs of important QR code information to share on your digital channels and via your networks.

There is an English language pack and a CALD pack that has been translated into 12 different languages.

#### You can help by:

- Sharing the attached stakeholder packs with businesses and industry in your networks.
- Sharing the materials from this stakeholder pack through your social media channels, as well as on your digital platforms.
- Printing the posters in this pack and displaying them clearly at the entrance to, and within your business.

These stakeholder packs are also available for download on the [Coronavirus website](#), along with the latest signs, posters and templates for workplaces.

All businesses are now required to use the Victorian Government QR Code Service (unless an [exemption applies](#)). For those businesses not [already mandated](#), a reminder that the enforcement amnesty ends at 11.59pm Thursday 1 July 2021.

Checking in via QR code is the best way to help stop the spread of COVID-19.

Visit the [Coronavirus website](#) for more information on QR code requirements or call Business Victoria on 13 22 15. If you need an interpreter, call the coronavirus (COVID-19) hotline on 1800 675 398 and press 0.

Thank you for doing your part to keep Victoria safe.

Regards

**Julie Reid**
